In claim 1, line 8; replace "for resolving" with - -configured to resolve- -.

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: "Yes" to the right of figure 3, #220, being replaced by - -No- -. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

### ***Reasons for Allowance***

3. Claims 1-7 and 9-15 are allowed. The following is an examiner's statement of reasons for allowance.

Art Unit: 2882

4. Regarding claim 1, prior art fails to disclose or fairly suggest a threat resolution system, including an initial explosives detection CT scanning system configured to identify a threat in a package based upon CT reconstructed information of the package and a nature of the threat, and a second secondary CT scanning system configured to resolve threats having a second nature as identified by the initial explosives detection CT scanning system, in combination with all the limitations in the claim. Claims 2-7 and 9 are allowed by virtue of their dependency.

5. Regarding claim 10, prior art fails to disclose or fairly suggest a method of scanning packages, including performing an initial CT scan of a package, performing CT reconstruction on information from the initial CT scan to obtain CT reconstruction information, and performing a secondary CT scan of a second type on the package where the package has a threat of a second nature, in combination with all the limitations in the claim. Claims 11-15 are allowed by virtue of their dependency.

### ***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
